You can also see the calendar of events for the year on our website. Get your schedules, mark your calendars load up the family and come out to watch some great racing.

MAM would like to Welcome back all the clubs like TrackAddix, SCCA, NESBA, PCA, MCCI, BMW CCA and many more that are back once again for a great season on the Road Course. We also want to Welcome some New Clubs like MN F-Body Performance & Mustang Madness to the Road Course.

Faasst Performance Driving School will once again hold classes here at the track. Faasst offers courses that

teach racing techniques & high performance driving techniques while lapping on safe & approved circuits. Courses that are offered are SCCA accredited racing school, High Performance Driving both half and full days and Young Adult. To learn more about Faasst please check out their website www.faasst.com

We want to announce MotoMondays to the Road Course. They will be running twice a month starting May 5th from 12pm-7pm. You must pre-register for the event with a deposit. See more info on our website.

Fast Fridays are back at the Road Course with open lapping all day every Fri from 9 till 7pm! That's right every Friday! The first Friday of each month is an orientation day with

Top notch instruction for the first part of the day and awesome open lapping for the second part. The cost is only \$170 and it includes a MAM license that enables you to run on your own any Friday on your own. This is a great way to improve skills or start at an entry level. No matter what, you can have a blast on this fast and safe 2.23 mi world class track!

For the sport bike enthusiast we bring a brand new Moto Monday track program to the table starting May 5th and running till the end of the season! You can check out all the details on the special events section button at the
